## **Former Planned Parenthood Director, Pro-Life Lawyer to Testify on Wisconsin Bills Defunding Planned Parenthood**

Sue Thayer, a Planned Parenthood Clinic Director for 18 years, and Casey Mattox, a First Amendment lawyer for Alliance Defending Freedom, will offer testimony on [Assembly Bill \(AB\) 310](#) and [Assembly Bill \(AB\) 311](#) at the Assembly Health Committee public hearing this Wednesday, September 2nd. The hearing will be held in room 417 North (GAR Hall). **Both Ms. Thayer and Mr. Mattox will be available outside the hearing room for comment following their testimony.**

Sue Thayer was a Planned Parenthood Center Manager for nearly 18 years. That changed when she was informed she would soon be trained to do webcam abortions at her small rural Iowa center. Stunned, her concerns fell on deaf ears. Sue began to see the abortion giant in a new light and ultimately shared her insider's knowledge. Sue's vast experience led to a whistle-blower lawsuit, currently in litigation.

Casey Mattox, Esq., serves as senior counsel with Alliance Defending Freedom, where he plays a pivotal role on the Life Team. As senior counsel, he has been active in defending the sanctity of life and holding the abortion industry accountable for its fraudulent use of taxpayer dollars. He is also active in defending the freedom of conscience of healthcare workers.
