Julaine Appling, Director of WFA PAC, commented on the endorsements:

“WFA PAC is very pleased to endorse these candidates, who have met the stringent requirements necessary to receive our support. They have each shown that they understand that to lead Wisconsin and our nation properly, to ensure our future, our best natural resource—our families—must be strengthened and preserved. These candidates are committed to doing that by working to, among other things, reduce government regulation, improve the business climate in order to encourage job creation, ensure families can make their own health-care choices, protect human life, and strengthen the institution of marriage. These are values WFA PAC shares with these candidates and with thousands of Wisconsin citizens in their respective districts.

We believe voters this fall will find themselves in agreement with these Wisconsin citizens who have stepped out and taken on the daunting job of running for office. WFA PAC wishes them the very best as they take their message to their fellow citizens.”

WFA PAC will be releasing additional endorsements for the general election after the primary election has been completed.
